

Team Name: Wilson!!

Team Members: McKenna Owens, Logan Hobbs

Current status: Base “pick up” mechanic implemented (puzzlescript .html included)

Testing level - to test mechanics

Plan for Milestone2: all mechanics implemented, possible level, definitely testing level

Challenges: Trying to make mechanics that aren’t just pushing blocks,

Both been busy with other projects/life

Response to feedback: Glad that the story intrigues you, hopefully it still does as it gets fleshed out more.
